PATHWAYS TO EMPLOYMENT

# LEARN ARTS & DESIGN

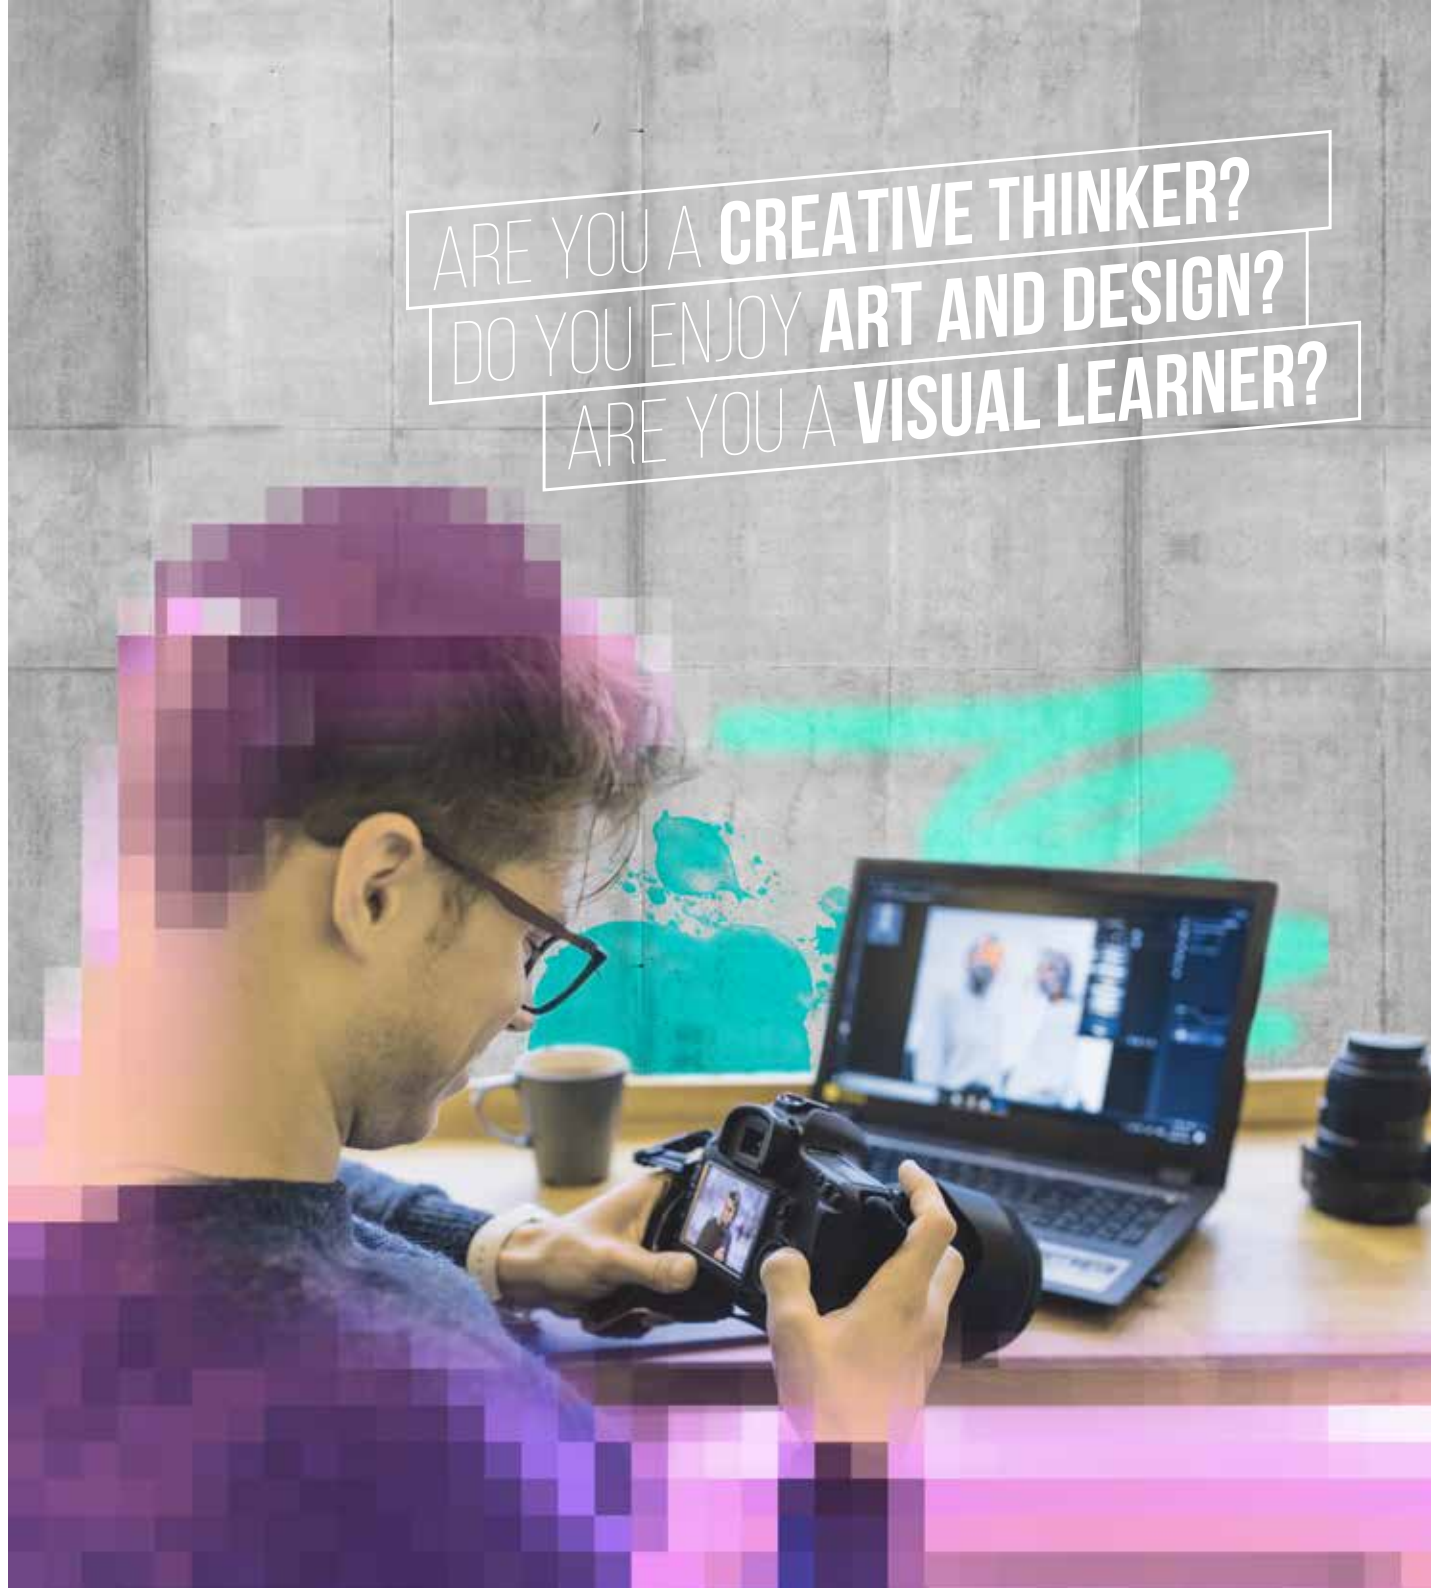

Looking for a career in Arts & Design?

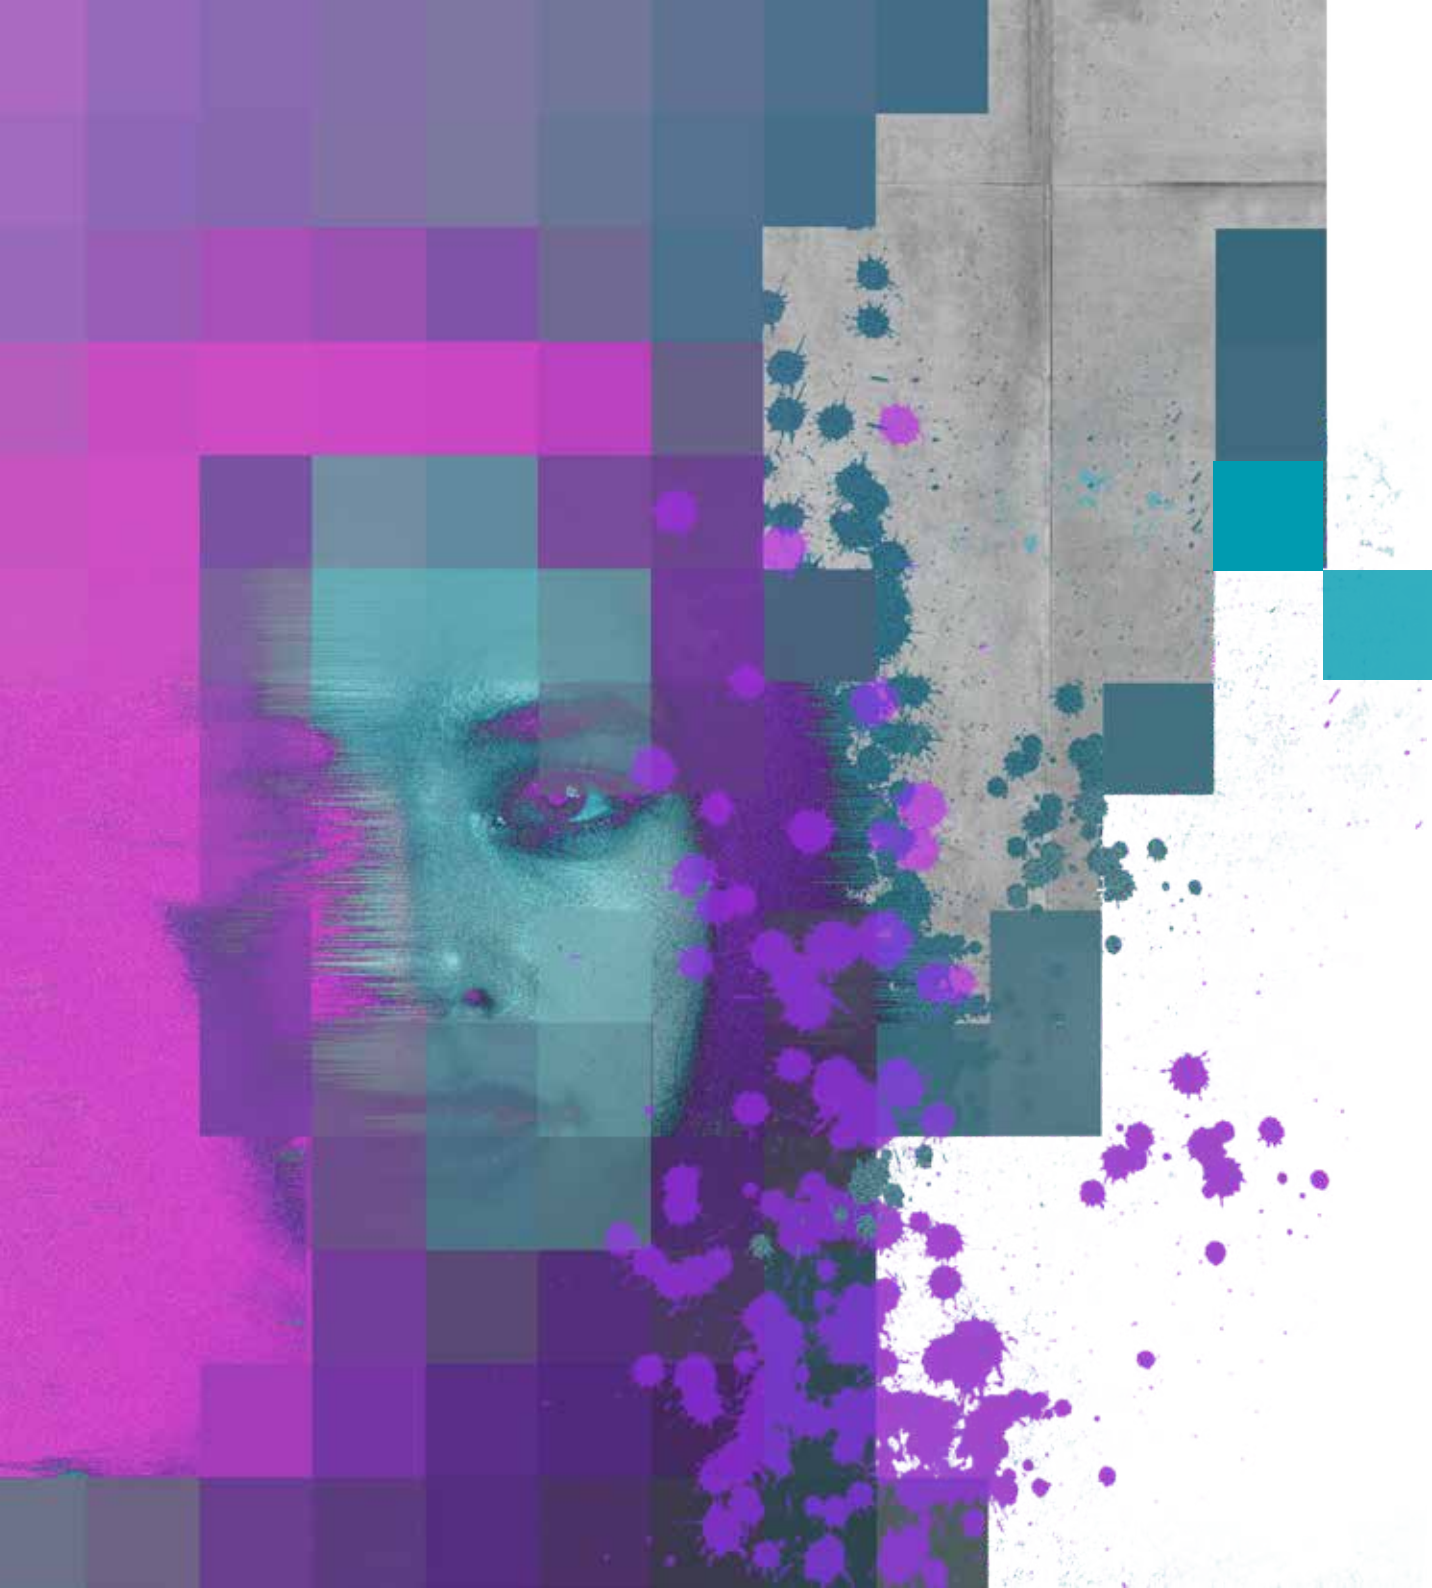

This level 2 Certificate in Arts and Design course will set a great foundation for an exciting start to your future in design.

You will learn a range of media techniques such as drawing, and photography. You will use design software and create your own design concepts. You will also gain an understanding of artistic techniques.

Successful graduates from this programme could pathway onto further study in Certificates, Diploma or Degrees in Arts and Design and Digital Media and Design.

ARE YOU A **CREATIVE THINKER?**  
DO YOU ENJOY **ART AND DESIGN?**  
ARE YOU A **VISUAL LEARNER?**

# LEARNING OUTCOMES

## STUDENTS WILL BE ABLE TO:

- Apply basic skills and conventions to produce art and design work.
- Explore creative processes and techniques to solve basic problems and present work in arts and design.
- Demonstrate work practices in arts, craft and design and recognise potential education and employment pathways.
- Collaborate with others in the discussion and presentation of work, using basic arts and design terminology.
